

P. S Senior Secondary School, Chennai- 4
Class XII
Biology

Activity 1:

Lesson: Human Health & Disease

Compare the pathogen, modes of transmission, symptoms and prevention of common cold with pneumonia.

Based on the above two how similar and different is Covid 19. State details for the same too.

Activity 2:

Think about 3 possible ideas for your Biology project (Investigatory project) which is part of the assessment for Board practicals. It should strictly be those which can be done by you at your home. Start with all three. The progress should be captured as photographs or video. You should feature in those pictures (mandatorily).

Completed project report should be written by hand and submitted once classes resume.
